## TO WHOM IT MAY CONCERN

Roma, 18<sup>th</sup> December 2017

This is to certify that Dr. Miguel Duro Moreno, an accredited associate professor at the Universidad Autónoma de Madrid's Translation & Interpreting degree, has spent 15 calendar days (from 4<sup>th</sup> to 18<sup>th</sup> December 2017) as a visiting scholar at the Tor Vergata's Dipartimento di studi letterari, filosofici e di storia dell'arte (ALEF), after having been awarded one of the two coveted Bando Scholarships reserved for scholars attached to the YERUN university network in 2017.

Dr. Duro Moreno has undertaken several activities during the time he has spent with us. To wit —

- I. **Teaching.** He has taught one course entitled *Hacia el papel cero: herramientas informáticas gratuitas de ayuda al traductor* (9 hours) to our 2<sup>nd</sup> and 3<sup>rd</sup> year students of the *Lingue per la società dell'informazione* (LINFO) BA degree. Additionally, he has taught another course entitled *De lo analógico a lo digital: programas informáticos gratuitos de ayuda al traductor profesional* (3 hours) to our 1<sup>st</sup> year LINFO students and to the *Laboratorio di Filologia Digitale* (LIRFI) students.
- II. **Research and Networking.** He has held a number of meetings with several colleagues from our department concerning (a) future research projects; (b) the proposal for setting up a double degree between Tor Vergata's LINFO students and Universidad Autónoma de Madrid's Translation and Interpreting students; and (c) the possibility for some Tor Vergata's LINFO students to apply for internships in some Spanish translation companies (14 hours).

It has been a pleasure to enjoy Dr. Duro Moreno's company for a fortnight. We, at our department, have developed a great partnership with him, since his dedication to our students and our research lines has been evident from the very beginning. We are especially appreciative of his attention to detail and his creative approach to bringing the digital world of free and open software CAT tools to us. We hope we can have him back soon again.

For further information concerning Dr. Duro Moreno's time with us, please do not hesitate to contact me.
